

Horsham Community Fridge “Hub” requirements.

Date: 1st August 2022.

Horsham Community Fridge operates across several locations in Horsham District. Our central “Hub” is currently within the Horsham Wellbeing Centre off Blackhorse Way, Horsham. The Wellbeing Centre is located in a commercial unit owned by Horsham District Council and we have unfortunately been given notice to move by the end of August. Consequently the Horsham Community Fridge is looking for alternative locations for our central “Hub” to ensure that we can continue to save good food from landfill and support our local community.

These are the requirements for our Hub. Unless marked otherwise all requirements are essential/must have.

- Location
 - Located in Horsham town centre

- Storage area
 - Access
